Kuri Tec® Tubing & Hose Material Application Guide

MATERIAL APPLICATION	Clearbraid RF K3150	Clearbraid BF K3130	Polyspring K7160	Polywire K7130	Klearon K010	Special Purpose Alloy Air Hose	Poly Tubing	Poly Tubing 2600	Polyair
Abrasive Slurry Transfer Air Conditioning Drainage Air Lines, Assembly Operations					X	X	X	X	X
Air Lines, Breathing Air Lines, Low Temperature Air Supply Type C	X	X	X	X			X		X
Car Wash Applications Chemical Transfer Chemical Transfer, Low Temperature			X	X			X		
Coolant Lines Deionized Water Transfer Drain Lines, Furnace, Refrigeration, etc	X	X	X X	X X	X X	X			
Drinking Water Lines, Marine & RV Environmental Clean-up Flexible Water Connectors									
Food & Beverage Transfer Granular Transfer Lines Ice Making Machines	X	X	X	X	X X		X	X	
Induction Welding Tubing Lines Injection Molding Coolant Lines In-Plant Air/Water Lines						X X			X
Irrigation Supply Lines Laboratory Tubing Light Duty Wash down					X				
Liquid Food Products Lubrication/Air Drop Lines Marine Water Supply Line	X	X	X	X		X	X	X	
Metering Pumps Non-Conductive Applications Paint Fluid Transfer - High Pressure							X	X	
Paint Fluid Transfer - Low Pressure Paint Fluid Transfer - Static Conducting Pneumatic Air Lines									X
Pneumatic Lines Pneumatic Parts Transfer Powdered Food Products	X X	X X	X	X	X			X	
Printing Press Equipment Recreational Vehicle Water Supply Line Robotic Air Lines					X	X	X		
Semiconductor Water Transfer Spray, Lawn, Low Pressure Spraying - Agricultural, Vineyard									
Spraying, Nursery Spraying, Pest Control Spraying, Tree, High Pressure									
Temporary Residential Water Supply Line Transmission Fluid Transfer Vacuum Pumps & Lines			X	X		X			
Wash down, Heavy Duty Water Bottling Equipment Water Distribution Lines					X				
Water Sampling Water Softener Lines Water Transfer									X
Water Transfer, Potable Watering - Golf Courses, Lawns	X
