Zinc Stearate Release Aerosol

Product Description

A dry, light, water-repellent powder, Zinc Stearate is economical to use and gives better finishes. Use it for polycarbonates, polypropylenes, polysulfones and rubber molding. Compatible with oil-based paints, its formulation results in fewer rejects and lower production costs.

Applications

Mold Release

Unit Package Description

16 ounce aerosol

Generic Description

Mold Release

Net Weight Fill

11.5 net ounces

UPC Code

858799000103

Units Per Case
