

TECHNICAL DATA SHEET

45812H

Urethane Release Aerosol

Product Description

Urethane mold release is extremely effective for all polyurethanes: rigid, semi-rigid and flexible urethane foams. Urethane mold release imparts a light, dry coating on the mold, eliminating build-up. Yet, it is so effective that it continues to work for several cycles between applications. Non-paintable formulation.

Applications

Mold Release

Unit Package Description

16 ounce aerosol

Generic Description

Mold Release for Urethane Resins

Net Weight Fill

11.5 net ounces

UPC Code

858799000585

Units Per Case

12

Case Weight (lbs)
