

HEAVY DUTY OIL RESISTANT SUCTION HOSE

ORV™ SERIES

Heavy Duty Oil Resistant PVC Suction Hose

CONSTRUCTION:

Oil resistant PVC tube with rigid PVC helix

SERVICE TEMPERATURE:

5°F (-15°C) to 150°F (+65°C)

 [-more info-](#)

OV™ SERIES

Oil Vac™

Heavy Duty Oil Resistant Polyurethane Suction Hose

CONSTRUCTION:

Polyurethane tube with rigid PVC helix

SERVICE TEMPERATURE:

-40°F (-40°C) to 150°F (+65°C)

 [-more info-](#)

WOR™ SERIES

Heavy Duty Oil Resistant PVC Suction Hose

CONSTRUCTION:

Oil resistant PVC tube with rigid PVC helix.

SERVICE TEMPERATURE:

5°F (-15°C) to 150°F (+65°C)

 [-more info-](#)

GENERAL APPLICATIONS:

- Environmental cleanup
- Oil skimming
- Oil slurries
- Oil suction
- Vapor recovery-hydrocarbon emissions

Features and Advantages:

- Oil Resistant PVC Tube
- Smooth Outer Cover

GENERAL APPLICATIONS:

- Material handling-heavy duty abrasive
- Material chutes
- Oil suction-heavy duty

Features and Advantages:

- Oil Resistant Polyurethane Tube
- Abrasion Resistant Polyurethane Tube
- Transparent Construction - "See-the-flow"
- "Cold-Flex" Materials

GENERAL APPLICATIONS:

- Environmental cleanup
- Oil skimming
- Oil slurries
- Oil suction
- Vapor recovery - hydrocarbon emissions

Features and Advantages:

- Oil Resistant PVC
- Convoluted Outer Cover
