

# Spray Units / Delivery Systems

## FREEDOM “Hands Free” Automatic Spray Unit

- Just plug and spray
- Easy to use, no hard wiring required
- Works with Slide aerosol cylinder products
- Save money and save time
- Operate more productively

The new FREEDOM automatic spray unit is easy to program and works autonomously from all your equipment. You just plug it in and spray.

A proximity sensor placed near the mold cavity detects when the mold opens and signals the unit to deliver release. Nozzles can be attached with brackets (included) or optional magnetic mounting blocks. You are free to position them anywhere to spray release to any point, such as trouble spots in the cavity, the entire face of the mold, both mold cavities, or even to create a “cloud” of release between the cavities.

The extremely compact control unit has protective rubber feet so it can sit on any flat surface or mount directly to the machine. And it can be plugged directly into any 110V, 15 amp circuit.

The FREEDOM unit comes complete with an easy-to-program control unit, 10-ft spray hose and two nozzles, 6-ft cord and proximity sensor, 5-ft tank hose, and 10-ft power cord.

Experience the true Freedom of hands-free automatic spraying with the new FREEDOM unit from Slide.

## A. “Valve-Up” Giant Aerosol Cylinder

This money-saving aerosol delivery system is a versatile spraying unit for use with or without automated or robotic equipment\*. An operator can use a Slide cylinder with the Slide Handheld Spray Unit #43100M to create a self-contained spray system. Each “one-way” disposable\*\* cylinder equals approximately four cases of our aerosol products. 100% usable. Giant Aerosol Cylinders are offered in many Slide products. The Hand-Held Spray Unit (item #43100M) comes with assorted spray tips and 10' hose.

Additional tips with wider (fan spray) or more restricted spray patterns are available.

\* Not installed by Slide Products, Inc.

\*\* Non-refillable by federal regulation. Please check local regulations for proper disposal method.

## B. Charge-It! Refillable, Rechargeable Aerosol

Extremely dependable, with an almost indestructible stainless steel and polyacetal construction, you can fill Charge-It! with liquid bulk product and charge with compressed air (up to 150 PSI).

The aerosol spray valves and tips feel and spray similar to a regular aerosol and are simple to replace at very little cost. Various spray tips and valves are also available.

## C. Air-O-Spray

This easy-to-handle unit is specially designed for use with Slide bulk products. It operates entirely on the atomizing principle. Air-O-Spray has a combination internal and external action in which mold releases, lubricants, cleaners, etc. can be atomized at low pressure and low mist. Any air compressor providing 50 PSI is ideal for this unit.
