

TECHNICAL DATA SHEET

Hi-Temp Purge Compound 478-45, 478-1000

Product Description

Hi-Temp Purge Compound solves the major problems of removing stubborn residues between color or resin changes. Hi-Temp Purge Compound is to be used as a continual purge with no soak time needed. Hi-Temp Purge Compound has a suggested temperature range, but please contact your Slide Technical Sales Representative for procedures at much higher temperatures or if a soak procedure is necessary.

Applications Purging Compound

Unit Package Description 49 and 1100 pound boxes

Generic Description Purging Compound

Net Weight Fill 45 & 1,000 pounds

UPC Code 858799000783

Units Per Case 45 & 1,000 pounds

Case Weight (lbs) 45 / 1,000

Appearance Resin Pellet

Flash Point F N/A

Flash Point C N/A

Base Type Resin

Evaporation Rate N/A

Working Temperature F 485 to 750 degrees

Working Temperature C 250 to 395 degrees

Propellant N/A

NFPA Aerosol

Flammability Level N/A

DOT Proper Shipping Name Not regulated, Granules, NOI

VOC % (Federal) 0

VOC g/L (Federal) 0

VOC lbs./Gal (Federal) 0

Removal N/A
