INDUSTRIAL HOSES For the Plastics Industry

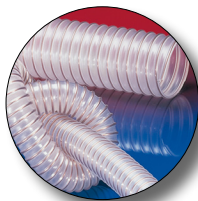

▶ **AIRDUC[®] PUR 355 AS**
Heavy duty, abrasion resistant, antistatic suction and transport hose, 195° F. [More Info](#)

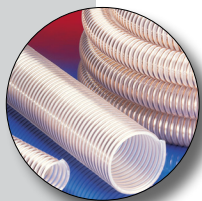

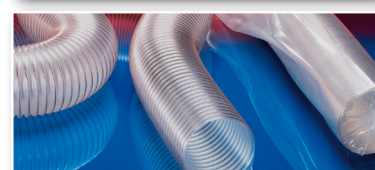

▶ **PROTAPE[®] PUR 301 AS**
Super lightweight, antistatic polyurethane hose, 195° F. [More Info](#)

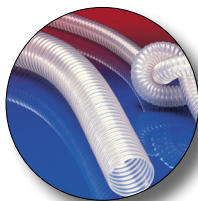

▶ **AIRDUC[®] PUR 355 HT**
High-temperature, heavy duty, abrasion resistant suction and transport hose, 255°F. [More Info](#)

▶ **AIRDUC[®] PUR-350 FOOD-AS**
Medium heavy duty, antistatic food and pharmaceutical hose, 195° F. [More Info](#)

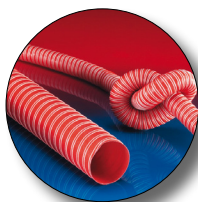

▶ **AIRDUC[®] PUR 356 AS**
Super heavy duty, abrasion resistant, antistatic suction and transport hose, 195° F. [More Info](#)

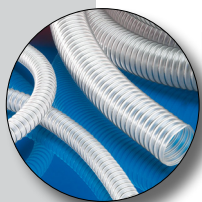

▶ **PROTAPE[®] PUR 330-AS**
Lightweight, antistatic polyurethane hose, 195° F. [More Info](#)

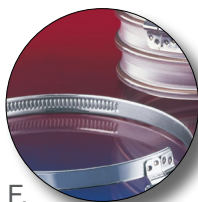

▶ **AIRDUC[®] PUR 356 HT**
High-temperature, super heavy duty, abrasion resistant suction and transport hose, 255° F. [More Info](#)

▶ **SIL 391 Two**
High-temperature, double-layer, leak-proof, silicone suction and blast hose; highly flexible, 500° F. [More Info](#)

▶ **AIRDUC[®] PUR-INOX 355 FOOD-AS**
Heavy duty, antistatic food and pharmaceutical hose with stainless steel helix (INOX), 195° F. [More Info](#)

▶ **CLAMP 212**
Bridge clamp for attaching externally corrugated spiral hoses. [More Info](#)
