

BARB-TECH™

PUSH-LOCK ASSEMBLY TOOLS

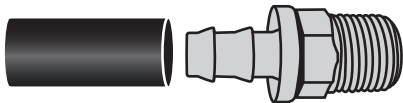

Distributed By:

plastiXs®
manufacturing solutions

A REVOLUTIONARY NEW TOOL

that easily assembles Push-Lok style hose and fittings.

WORKS WITH A VARIETY OF FITTINGS

using a changeable mandrel system. Application specific mandrel design services are available.

PORTABLE

Take it to where the hose repair is. A convenient carrying case included, no additional tools required.

SAVES YOU TIME

by utilizing a cleat style hose grip on a light weight hand operated system that produces up to 300 PSI of fitting insertion force.

REDUCES ON THE JOB INJURY

by reducing the forces required of your hands to almost a 1/3 as well as preventing over bent wrists, a common cause of (RSI)/(OOS) claims.
