

RECHNER SENSORS

High Performance Level Control

Capacitive Sensors

- Quattro EMC electrical protection
- Ex versions for Hazardous Locations
- Industry 4.0
- IO-Link
- BlueTooth
- Analog
- Stainless Steel Housing

Plastics

NormLine-Series (Made in North America)

- M18, M30, M32 Models for vacuum loaders
- 120°C/248°F Model for dryer applications

Silo Sensor (up to 20 meters)

- Analog

Food and Pharmaceutical: Liquids & Powders

iLevel, KF-Series, LevelMaster, and 26-Series

- Analog probes (4-20 mA / 0-10 V)
- PTFE, PEEK housing materials
- CIP / SIP
- IP69K
- Tri-clamp
- Hygienic Design

Sticky and Viscous Liquids: Ketchup, Chocolate

Solids: Powders, Grains, Metal Powder, Graphite, Plastics, Animal Feed, Chain Disk Systems

Reservoir and Hopper Level Control Beer, Alcohol, Mash

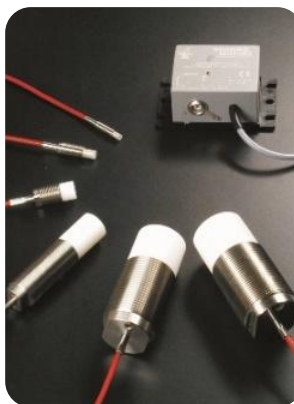

KXS / KFS (Sensors, Probes, Multiple switching points)

- Hot melt glue, cooking oil
- 250°C / 482°F
- Food contact safe
- Patented 3-Electrode Measuring System

Inductive

- Ovens: tray position detection

Explosive Atmospheres

Capacitive

- Dust collection systems
- Plugged chute detection
- 3D printing

Inductive

- Pump position detection
- Metal powders

Dust and Gas : AEx, AtEx, IECEx Class I, Div 1 / Class II, Div 1 Zone 0 / Zone 20 Intrinsically Safe models

Food and Pharmaceuticals Alcohols Grains and Powders
